In collage every guy look at my boobs with greedy eyes. My areola 's size is almost equal to the old one rupee coin. They are light brown in color. I am doing Bsc. Rafi is a good friend of my brother and he has computer hardware business. From few months Rafi has been coming around quite regularly. They always joke around and behave like small kids. Rafi's a very good looking guy, nice athelete's body as he used to be the best swimmer at school. I have been noticing that sometimes Rafi likes to undress me with his eyes when my my brother is out of sight. I was so used to Rafi's company when my brother is not around and he always making me feel comfortable, without worrying about being taken advantage. One day, my brother rang me up from his office and told me that Rafi is coming around to deliver a new computer which he bought from Rafi's shop. Half an hour later, Rafi was standing by the door with some boxes. I let him in and showed him where to put the computer. I was wearing a very short skirt at that time and I knew that Rafi couldn't help looking at my crotch whenever I squatted down to pick up something from the floor where he supposed to put the boxes. I didn't really care as I feel comfortable with him. I gave him a soft drink and asked him to take a break. We sat down next to each other by the sofa drinking our soft drinks. I was feeling sleepy after a few sips and decided to have a quick sleep as I was feeling very tired from not having enough sleep the night before. I told Rafi to help himself if he needs anything from the kitchen. I went to my bedroom and threw myself on the bed. I was in the middle of a deep sleep and suddenly I felt something was touching me. I opened my eyes and saw Rafi's head in between my legs. He! was actually licking my pussy and his fingers were sliding in and out of my vagina. I was very shocked and pushed him away and asked him to go away. He came sitting next to me and grabbed my face to kiss me. I tried to push him again but I was too weak. I felt helpless and he carried on kissing me. I must admit that I was turned on and made me even weaker. I responded to his kisses. Rafi slowly caressing my breasts from above my T-shirt, playing with my nipples. I was thinking about brother at the same time and wondering what if he finds out. Kissing me softly. Sitting down next to me and looking into my eyes, He told me "I love you so much, he told me and kissed me with so much pasion it took my breath away". He slowly put his hands under my T-shirt and started playing with my nipples.. still kissing me very deeply. then put both hands on the top of my shorts and pulled them off. I didn't even have a chance to raise up to help. he lifted my shirt and exposed my large breast started running his tongue around my nipples, making them very hard, gently biting at them OOOOooooohhhhhh baby. I moaned moving one of my hands over to the large bulge that was forming inside his pants gently stroking it, making it grow more. then reaching for the button and zipper to release his manhood.. He stood up and took off his close slowly.. watching me look at him I know it turned both of us on we were both breathing very hard. Then he kneeled on the floor next to the bed putting my legs, one on each side of him and pulling me to the edge of the bed. He went back up to my nipples for a minute licking around them, then ran his tongue down my belly very slowly around my belly button then down one of my legs, to my knee. he raised my legs up towards my chest and licked my inner thigh. OOOOOOOooooohhhhhh yessssssssssssssssss slowly heading for my pussy. He stopped and looked at it for a minute It was clean shaven. He just loved that then so gently, sticking out his ! tongue started to run it up and down my slit sending shivers all over my body. Tasting me for the first time too, I heard him moan in approval..
